PROFILE

My name is Akash Thorat, and I am honored to stand before you today. As a recent graduate in Computer Science, I am filled with excitement and gratitude for the opportunities that lie ahead.

My journey in the world of technology has been a thrilling one. From the days of learning the fundamentals to applying them in real-world projects, each step has been a lesson and a source of inspiration. I have developed a strong foundation in programming languages like Java and honed my skills in web development, including HTML, CSS, Bootstrap, JavaScript, Json, Jquery, Node js, Express js, MySql and Java.

The projects I've undertaken, such as creating a responsive website using Bootstrap and developing a Java-based Inventory Management System, have not only strengthened my technical abilities but have also fueled my passion for problem-solving and innovation.

WORK EXPERIENCE

In my previous role at A2Z IT HUB Pvt. Ltd., I served as a key contributor to the web development team, specializing in a diverse set of technologies including HTML, CSS, Bootstrap, JavaScript, Json, Jquery, Node js, Express js, MySql and Java. My responsibilities encompassed like web developer, full stack developer and web designer, allowing me to develop a comprehensive skill set in the field.

Working in a dynamic environment at A2Z IT HUB Pvt. Ltd., I honed my problem-solving skills and gained a deep understanding of industry best practices. My experience extends beyond technical proficiency; I collaborated closely with cross-functional teams, providing effective communication and contributing to the overall success of projects.
